# HAY NEIGHBOR

I'm Kathleen from PB&J Barrel Horse Foundation. I specialize in teaching horses and humans with a 'keep it simple sandwich' style which helps build an appetite for transformation!

I earned a graduate degree in Natural Horsemanship with a focus in Young Horse Development (colt starting), as well obtained certificates in equine therapy, & continued education in hoof care.

Horses have given me the unique opportunity to share my business as ministry. I've also published books that focus on sharing God's gift of grace through cowgirl poetry and devotionals. One of my favorite quotes is, 'Where God guides, He provides'.

I enjoy teaching in person and online devotionals and horse clinics, and creating short films based on poetry. Let's ride together!

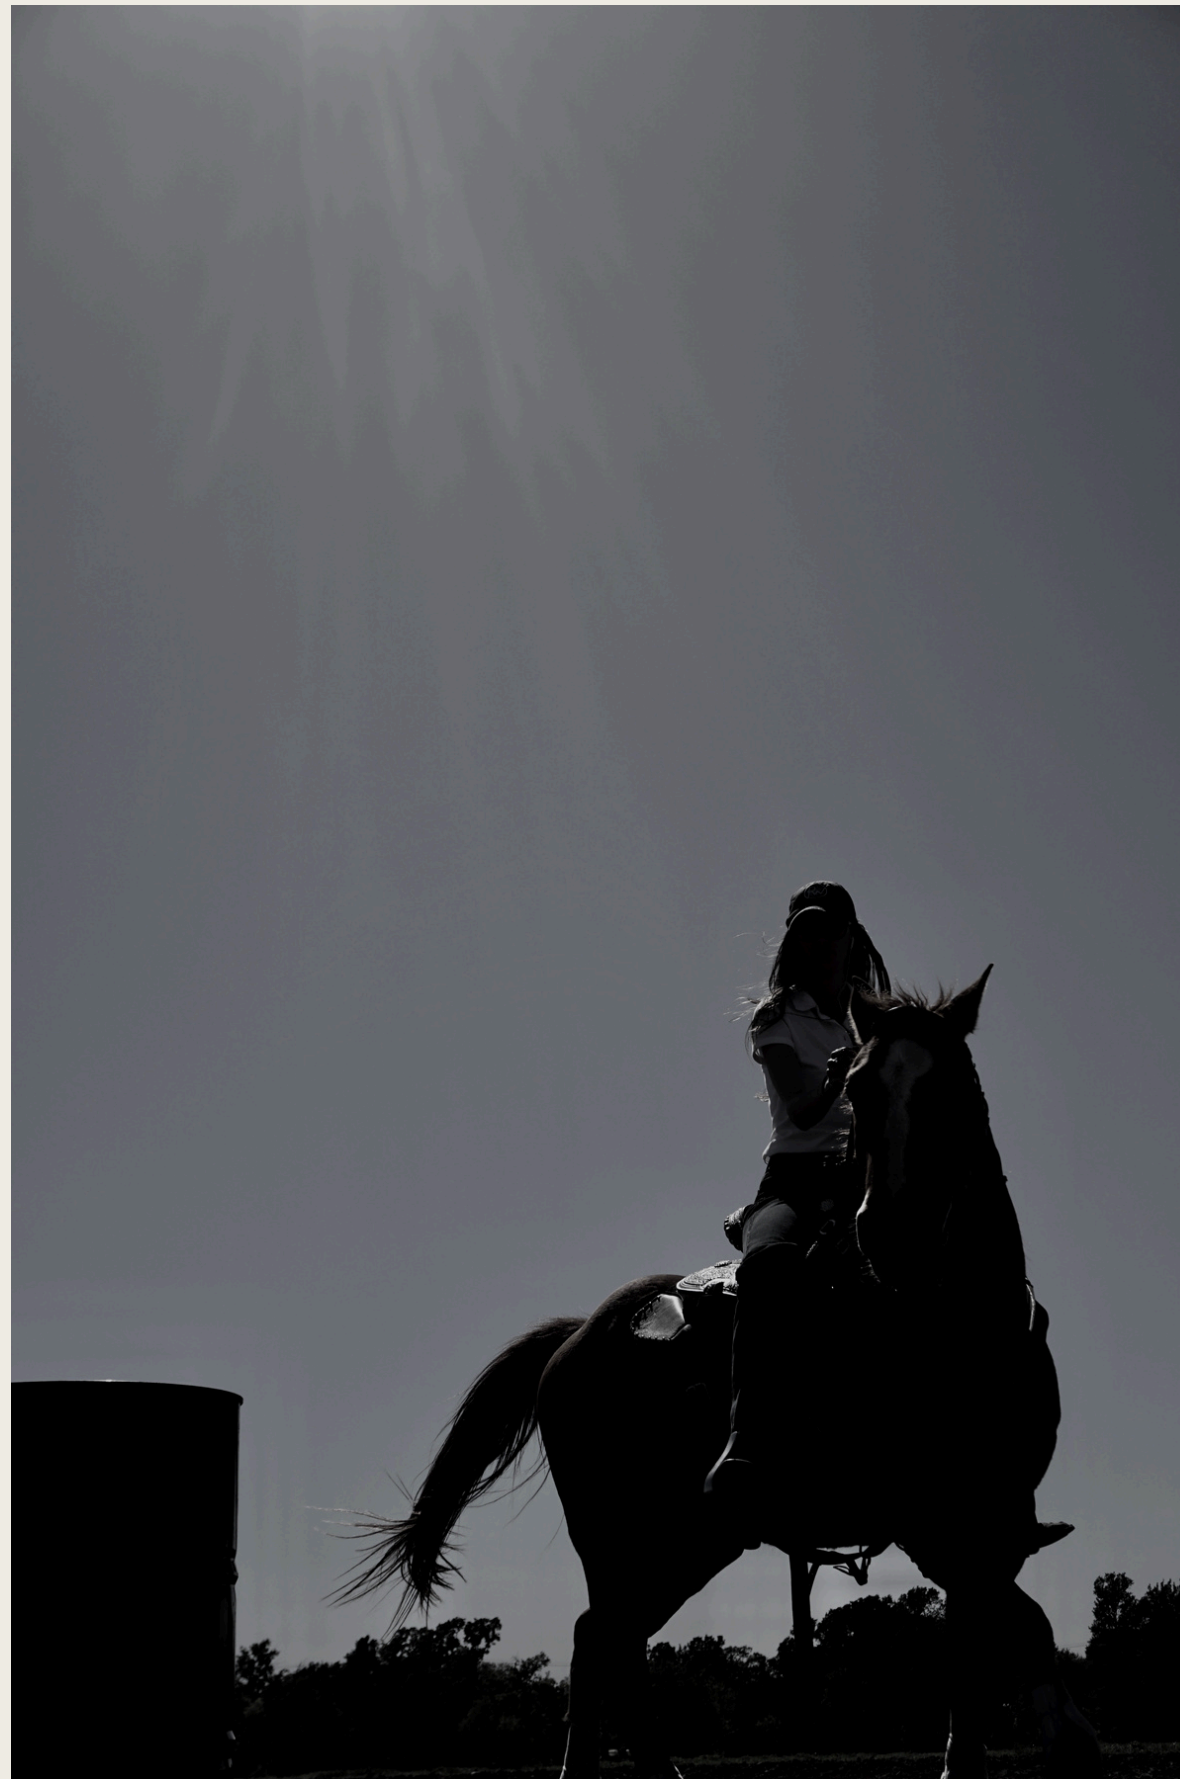

# KINGDOM INSIGHTS

## MISSION:

TRANSFORM COLT STARTING AND BARREL RACING BASICS THROUGH SIMPLE, FAITH-BASED TRAINING PRINCIPLES.

## VISION:

BUILD A COMMUNITY WHERE HORSE AND RIDER GROW IN HARMONY—HONORING GOD'S DESIGN FOR BOTH.

In today's digital age, it is becoming easier to let fellowship and community fade away. PB&J loves to take opportunities to connect both in person (like the good ol' days) and online, to help build relationships with God and each other. From social media to personalized experiences, we craft strategies that make a kingdom difference.

# WHY PB&J

## The Need & Audience

- The Gap: Many riders seek more than competition—they seek meaning. Sometimes years of tradition, and layers of cliché phrases complicate true growth and limit real knowledge in horsemanship and in faith.
- The solution: With a 'keep it simple sandwich' style to learning, that makes concepts approachable and retainable.

## Who We Serve:

- Barrel racers hungry for growth with their equine partnerships and in the Lord
- Cowboy church communities
- Readers of Western poetry & faith-based resources
